

Sign for HR & Recruitment.

Offer your potential employees the best signing experience right from the start. Save valuable time, material and costs.

The ideal candidate experience

In the war for talent candidates should encounter as few obstacles as possible. That's why you should make the signature process as simple as you can.

Faster hiring process for candidates

The average time to complete the signing of contracts decreased from 12 days to 9 hours. Candidates can get to work faster and you'll have clarity sooner.

Environmentally friendly and 100% legal

You can be sure that digital signing with Sign is 100% legally binding. Besides that, you reduce your ecological footprint.

Only with Sign from CM.com

Unlimited users

Your organisation can use Sign with an unlimited number of users at no extra cost via our API or web application.

Available everywhere

No special software or hardware is required. Easily manage everything via our web application or automate your workflows via our API. Signing can be done from any device.

No cure, no pay

With Sign you only pay for results: in this case, a fully signed document. So, you don't pay when sending a document or inviting a signatory.

Multiple signatures

With Sign it doesn't matter how many individuals sign a document, the price for the document remains the same.

24/7/365 monitoring

Due to pro-active monitoring in our Network Operation Center, we deliver support 24-hours per day, 7-days per week. Because of this promise, governments and banks trust us.

Identification

2FA is an integrated part of the eIDAS Regulation for advanced electronic signatures. We also support One Time Passwords (OTP) Via SMS and other local solutions.
