Our Vision

Mobile phone as the remote control of our lives

We strive to continuously improve the way consumers engage with businesses. With the mobile phone as the remote control of our lives, CM.com is shaping the future of conversational commerce.

Our Mission

Making life easier, safer, and more beautiful

We firmly believe that technology exists to enhance people's lives, and we are constantly searching for ways to better connect people. We want to contribute by developing technologies that benefit society

AI-First

The guiding light in your AI journey

With every thing we develop we think AI-First. HALO is our AI brain and is incorporated in every product and in the core of our company.

Tech & Security

- 24/7 monitoring of external and internal threats and services
- Virtual servers & high speed storage
